**I have a friend whose son was rejected as a Toronto kapo because he wasn't corrupt enough. See the Masonic symbolism in the kapo badge (left)? There is a Masonic statue in front of the Toronto Kapo HQ on College Street. How long are we going to pay taxes for the privilege of being ruled by degenerates?**

## **Making Toronto an LGBT Dictatorship**

"The demands of the LGBT movement have grown like a stage four cancer. They no longer call for mere tolerance, but they want their vile practices and twisted thinking to be endorsed and even celebrated by everyone, starting with our youngest children. In fact, they are now clamoring for the criminalization of their critics!

Here in Ontario, Ms. Kristyn Wong-Tam, an NDP MPP who absurdly defines herself as "non-binary" and "they/them", has introduced Bill 94, the Drag Queen Bubble Zone Act. This act, if passed into law, will treat concerned Ontario citizens and parents as criminals.

Bill 94 destroys freedom of speech and freedom of assembly in Ontario. It will create large 100-metre censorship zones surrounding drag queen story hours, gay pride parades, and transgender-promoting events and gatherings all over the province, wherever and whenever the Attorney General arbitrarily decides.

In principle, this law could also be applied to publicly-funded schools, since they routinely promote LGBT indoctrination.

If you dare to enter these proposed censorship zones to stand up against the grooming of our children, to speak out against boys

in girls' changerooms, or to be a witness for the truth of God's Word, you could face a fine of up to \$25,000.

"Making offensive remarks...with respect to matters of social orientation or gender roles" within the new zones will become a crime. It will also be illegal to "engage [e] in a protest or demonstration" deemed "homophobic" or "transphobic" within the zones. This bill turns Ontario into a type of LGBT dictatorship.

## **The FBI has morphed into the Stasi**

"Then one day this past fall, his top-secret security clearance was revoked by his superiors at the Jacksonville, Florida, field

office, and he lost his job.

The reason was that he had expressed concern about a) the inflation of statistics regarding Domestic Violent Extremism (DVE) cases; b) assignments to surveil parents at school board meetings and log their license plate numbers in violation of the parent's constitutional rights; and c) the FBI's decision to use a SWAT team in the arrest of an alleged January 6 rioter who had expressed willingness to cooperate with the FBI.[1]

The top Russian diplomat also said Washington and its allies had easily exploited principles they had previously declared to be inviolable. "The West has trampled on all its principles in an instant... free trade, fair competition, the presumption of innocence... were all turned into weapons when they [the West] needed to punish the Russian Federation," he said.

**According to Dmitry Medvedev, Russia has no obstacles to refrain from destroying Western submarine cables, writes The Maritime Executive. The move would have massive consequences and deprive Europe and the US of trillions of dollars, the article argues.**

A week ago, as the Ukrainian offensive gathered momentum, former Russian President Dmitry Medvedev said that Moscow, in response to the West's alleged involvement in the undermining of Nord Stream, could damage the submarine cables that connect Europe and the US to the internet.

Reader--"I live in north-eastern Virginia and my kids' softball day camp was canceled today (June 29, 2023) due to air quality. The air smells like chemicals/plastics. Even when the supposed Canadian forest fire smoke came down to Virginia a month ago, it did NOT smell like wood smoke. Even then it smelled like chemicals/plastics.

I believe we are definitely getting intentionally sprayed by some toxic chemical concoction, for some nefarious purpose."

## Musicians and singers dying suddenly in May and June 2023 - the trend is accelerating

[\(https://makismd.substack.com/p/musicians-and-artists-dying-suddenly?\)](https://makismd.substack.com/p/musicians-and-artists-dying-suddenly?) ([\(https://makismd.substack.com/p/musicians-and-artists-dying-suddenly?\)](https://makismd.substack.com/p/musicians-and-artists-dying-suddenly?)).

Makis- "This may be subjective, but it appears to me that the trend of singers and musicians dying suddenly is accelerating. More and more are dying suddenly.

Many musicians and singers were forced into COVID-19 vaccines in three ways:

record companies had COVID-19 vaccine mandates

concert venues required COVID-19 vaccination to be able to participate

International travel required at least 2 if not 3 COVID-19 vaccines

Protesters in the Paris suburb of Nanterre started attacking police with fireworks and setting vehicles on fire, forcing law enforcement to use stun grenades, as protests against the fatal shooting of a 17-year-old teenager during a traffic stop continue for the second night, an RIA Novosti correspondent reported Wednesday.

The city streets were practically empty, and it was difficult to count protesters, but they were actively using fireworks to attack police officers.

Several cars on the street, where clashes were taking place, were set on fire, with one of the vehicles having been flipped over. A small group of police officers was seen moving down the street, but protesters were keeping their distance and quickly retreating, the correspondent reported.
